NOTICE

- It is unlawful to commence work without a permit therefore.
- This permit becomes null and void if work or construction authorized is not commenced within six (6) months.
- This permit does not confer upon the permittee or owner or authorized agent the right to connect to a Municipal sewer or water system.
- Every owner shall allow the authority having jurisdiction to enter any building or premises at any reasonable time for the purpose of administering and enforcing these requirements.
- The building owner, designer, contractor or other agent authorized by the owner shall perform sufficient field reviews to certify that all aspects of the project conform in all respects with the plan and supporting documents, including all amendments thereto, prepared by the designer.
- Every owner shall ensure that the plans, specification and related documents on which the issue of the plumbing permit was based are available at the site of the work for audit or inspection during work hours, and that the permit, or true copy thereof, is posted conspicuously on the site during the entire execution of the work.
- Every owner shall give notice to the authority having jurisdiction upon completion of any work prior to any occupancy of the building or part thereof.
